All component items not normally carried and offered for sale by Equus or otherwise identified as "special order" or "non-stock" are covered under their respective manufacturer's warranties. Customer assumes full responsibility of working with the original manufacturer to resolve any warranty issues for "special order" or "non-stock" items.

This warranty is a limited warranty. As the sole remedy for a breach of this warranty, Equus will at its discretion repair or replace defective components with new or like new (tested equivalent to new) components of equivalent or better performance and reimburse the Customer a flat fee, as specified by Equus, for services performed at the site of computer installation and use.

If hardware repair is required, Customer must contact Equus and request a replacement component(s). Customer must receive authorization from Equus for the service incident prior to component(s) replacement. Equus will arrange for a service dispatch to be issued to Customer and Customer will dispatch a service technician to restore the system to working order. Equus will ship replacement part(s) in advance of the return of the failed component(s). Failed component(s) must be returned to Equus freight prepaid by the Customer. Physical damage, cosmetic damage and/or component failures that have, in the sole opinion of Equus, occurred by accident, misuse, mishandling, misapplication, lack of proper maintenance or act of God/Nature, are not covered by this warranty. Equus will return the items not covered by the warranty to the Customer by standard ground shipping, invoicing Customer for the replacement part(s), and Customer agrees to forfeit the service reimbursement fee.

Equus will repair or replace, at the option of Equus, any Equipment having a defect in material or workmanship. All replacement parts shall be provided by Equus at no cost to Customer. Circumstances may require the reloading of the operating system as originally installed by Equus. Replacement parts are new or like-new (tested equivalent to new). Equus may provide replacement parts made by various manufacturers when supplying parts to User. All replacement parts shall also be covered under this Warranty for the remainder of the Service Plan Period or thirty (30) days (whichever is longer) and Equus warrants that replacement parts will be interchangeable with the parts they are to replace, and will conform to the specifications current when they are shipped. Some problems or defects may require Customer to **reformat or replace** a hard disk drive. Under such circumstances **all data** on the disk drive **may be lost**. Customer is **solely responsible** for the security of data. Equus **shall not** be liable for the loss or destruction of data or media resulting from a defect in materials or workmanship covered by this Warranty. **Equus strongly advises Customer/User to implement and maintain a daily routine to backup data to minimize the loss of data in the event of Equipment failure.** Customers are required to return all replaced and/or unused components **including Hard Disk Drives**.
